WHEN YOU SELECT ELECTRIC HEAT, YOU MAKE LIFE A LITTLE MORE COMFORTABLE FOR EVERYONE.

Not just your family. Though with clean, quiet, even, odorless electric heat, they're bound to be blissfully comfortable.

Everyone.

Because the more electricity we provide in the wintertime, the closer we come to balancing the demand for power. And the closer we come to balancing the demand for power year 'round, the better we're able to keep your rates down.

IF MORE PEOPLE USED ELECTRIC HEAT, IT WOULD HELP KEEP RATES DOWN YEAR 'ROUND.

In summer, you see, when everybody's air conditioner is going like mad, the demand for electricity is at its peak. And we must have enough turbines and generators to meet all that demand.

Then, when winter rolls around, the demand for power drops. About 17%. Which means that a lot of that expensive equipment isn't being fully used.

But we still have to maintain that equipment, pay the operators, and pay the interest on the money we borrowed to buy it. And since our customers are our one and only source of operating income, you wind up paying for these things. And paying higher summer rates if you are a high summer-use customer.

That's why we encourage people to select electric heat through advertising. To help balance the demand for power. To keep that equipment busy all year 'round. To see that it pays for itself.

So next time you hear that someone's chosen electric heat, give him a loud and lusty cheer. He's doing your pocketbook a favor.

Not to mention his family.

Agriculture Year Books Available

WASHINGTON, D. C. - Representative Watkins M. Abbitt (D-Va). announced today that he has obtained a limited supply of surplus copies of the Agriculture Yearbook, entitled "Farmer's World."

The edition was issued as the 1964 Yearbook of Agriculture and contains much valuable information for farmers in its 592 pages.

The Congressman said he would be glad to mail a copy free of charge to anyone in the Fourth District who requests one, so long as the supply lasts. Inquires should be sent to: Representative W. M. Abbitt, 2209 Rayburn House Office Building, Washington, D. C. 20515.

Quality of management is all-important. After all, what is a company but people? If the people have character, imagination, drive, that's good enough for me,- Donald A. Herman

The Fire cured market opens December 5th, closes the 19th, and reopens on January 16th.
